

Children, Adolescents and Young Adults with Complex Pain

Project ECHO network

Join this free, interprofessional community of practice led by an expert panel:

Dr Mark Alcock – Anaesthetist & Pain Medicine Specialist

Daria Westerman – Senior Occupational Therapist

Rebecca Fehner – Senior Physiotherapist

Eloise Cowie – Senior Psychologist

Mission: To enable the delivery of developmentally sensitive, personalised care for every child, adolescent and young adult with chronic pain.

Tuesdays 12 – 1pm, session every 4 weeks
14th February – 24th October 2023

Attendance at regular Zoom sessions is encouraged. All you need is an internet connection, webcam and a preparedness to contribute ideas and your own de-identified cases to the discussion.

We welcome health, education, and human services colleagues to join this network founded on interactive and reflective learning.

Sessions include a case discussion, and brief presentation on topics including:

- Common clinical patterns
- Assessment and therapy tools: Brain Map, Circle of Security

“Participating supports your own tenacity to continue in this field, as you know you’re not alone” – Hospital-based psychologist

“Participating gave me practical tools and concepts that were very relevant to the work I was doing” – School-based therapist
