

# Gender Dysphoria and Co-occurring Mental Illness

## *Project ECHO and Qld Children's Gender Service community of practice*

We welcome **Consultant Psychiatrists (child or adult) and Psychiatry Registrars** to participate in this community of practice to discuss care for trans, gender diverse and gender-questioning children and adolescents.

Each session will provide an opportunity for a group member to discuss a case with peers and panel members:

**Dr Brian Ross**– Child & Adolescent Psychiatrist

**Dr Claire McAllister** – Child & Adolescent Psychiatrist

Case study topics may include:

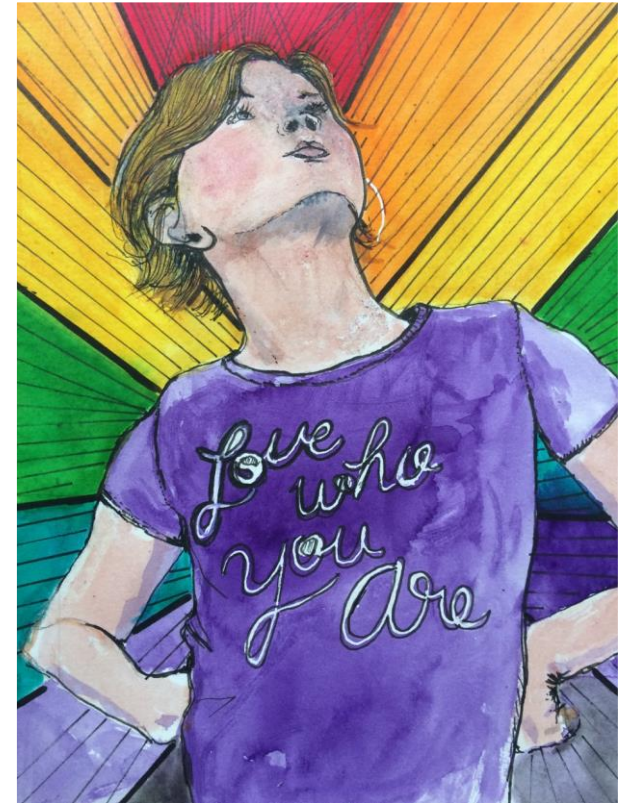

- Autism
- Trauma
- Eating disorders
- Puberty suppression
- Hormone and surgery assessments

**Wednesdays 8am - 9am,**  
**Fortnightly Beginning 1<sup>st</sup> February - 29<sup>th</sup> March 2023**

All you need is a preparedness to contribute ideas and your own de-identified cases to the discussion.

Please note places are limited. We welcome your expression of interest to participate here:
